2025 MCJROTC *Leatherneck* Challenge

“No Pain No Gain”

The Daniel Boone High School Leatherneck Challenge will be held **Saturday, 5 April 2025** at Daniel Boone High School in Gray, Tennessee. The intent of the match is to promote competitive fitness and sportsmanship; the goal is to increase athletic participation and to promote healthy lifestyles.

LOCATION: Daniel Boone High School is located in Gray, Tennessee, approximately 2¼ miles southeast off I-26 on Hwy 75 (Suncrest Drive).

ELIGIBILITY: All participants must be currently enrolled JROTC cadets. Teams will consist of four members from the same school; no competitor may be a member of more than one team. Each team will be comprised of two males and two females. Substitution of team members is prohibited unless under extraordinary circumstance and only upon the approval of the event director. There is no limit to the number of teams a school can enter.

ENTRY FEES: Entry fee is **\$90.00** per team and **\$25.00** per individual which includes a “Leatherneck Challenge” t-shirt for each competing cadet. Additional shirts may be purchased for **\$15** each. Fees should be prepaid to **Daniel Boone High School MCJROTC** or arrangements should be made to hand carry fees to the event.

REGISTRATION: Instructors must check-in and designate their teams NLT 30 minutes prior to the start of the competition. Teams cannot be rearranged after check-in. Please ensure the attached registration form is returned no later than **March 21, 2025** in order for shirts to be ordered and available upon your arrival the day of the competition.

RULES AND CONDUCT OF EVENT: The Combat Fitness Test (CFT) will be run in the same manner that the Marine Corps administers its annual Combat Fitness Test. While the Physical Fitness Test (PFT) evaluates stamina and physical conditioning, the CFT measures functional fitness and simulates the demands of battle in full combat utility uniform. The three components of the CFT are Movement to Contact, Ammunition Can Lift, and Maneuver Under Fire. In the Movement to Contact, cadets will run an 880-yard timed run. In the Ammunition Can Lift cadets must lift a 30-pound ammunition can overhead from shoulder height until elbows lock out as many times as possible in a two (2) minute period. The Maneuver Under Fire

simulated event includes a 300-yard timed variety of battle related challenges including low and high crawls, sprints, ammunition can carry, simulated grenade throw, agility run, and dragging and carrying a fellow cadet. An example of the conduct and execution of a CFT can be found on YouTube at the following URL <https://marineparents.com/videos/bc-cft.asp>. Coaches and teams will be thoroughly briefed on the day of the event.

EVENT SCHEDULE: Teams should arrive at the school NLT 30 minutes prior to event beginning. All competitors and coaches will meet at the JROTC (building 1000) for check in. Competitors should report to the ready line 10 minutes before their event.
