1. The Daniel Boone High School MCJROTC Cadet Battalion will host its 29th annual invitational drill meet on Saturday, 16 January 2027. Competition will take place in the following events:

a. Armed Platoon/Flight
b. Armed Squad/Element
c. Unarmed Platoon/Flight
d. Unarmed Squad/Element
e. 1st Year Armed Squad/Element
f. 1st Year Unarmed Squad/Element
g. Color Guard (Armed)
h. Personnel Inspection (Unarmed)
i. Individual Exhibition (Armed)
j. Dual Exhibition (Armed)
k. Knockout (Armed and Unarmed)

a. Modifications and updates from the previous year's LOI are highlighted in green.

2. **Judges/Judging**

a. Judges representing all services will be selected from among the active duty and reserve components in the region.

b. Discussion with judges regarding interpretation of drill manuals or judging criteria is prohibited once the meet begins. Any and all communications with judges will be

through the meet headquarters. Failure to abide by this rule may result in a school's disqualification from the meet.

c. Once assigned to an event, judges will remain there for its duration to ensure continuity of grading and to avoid disparity in interpretation and scoring procedures.

d. TC3-21.5, MCO 5060.20, dafpam34-1203 and the NJROTC Field Manual will be the drill manuals of record for the drill meet. **JROTC teams are required to be in compliance with their respective service manuals.**

e. Mixing manuals is prohibited and will result in zero (0) points for each movement executed as such (EXAMPLE: an NJROTC unit executes 'Open Ranks, March' using TC3-21.5. Result: loss of all points for that command.)

3. **Fees**. **Entry forms and registration fees are due payable to Daniel Boone High School MCJROTC by Friday, 11 December 2026.** In the event the meet must be canceled due to inclement weather, DBHS MCJROTC will refund all but the entry fee.

4. **Reporting Aboard**. Schools should plan to arrive by 0700 on the day of the meet. DBHS cadet escorts will guide teams to a classroom that will serve as their staging area throughout the meet. They will be available to act as messengers and guides. The escort may not be used as a gear guard**.**

5. **Commander's Call**. **Commander's Call will begin promptly at 0715 in the upper level of the main gym**. Instructors are requested to bring only cadet leaders to this briefing. **The first event (Personnel Inspection) is scheduled to begin at 0800.**

6. **Uniforms/Weapons**

a. The designated competition uniform will be the Service Dress or Seasonal Service uniform. Competitors will not wear camouflage utilities/ACUs/BDUs.

b. Drill weapons will be regulation, demilitarized service or facsimile rifles (1903A3, M-1, M-14, or a facsimile drill rifle) weighing a minimum of 8½ pounds. **Lightweight facsimile weapons will not be used in any event**. The security of weapons is the responsibility of the respective instructor staff and participating cadets.

7. **Team Composition**. Unit sizes are established as follows:

	Minimum	Maximum	Note
Squad / Element	7	11	Includes Commander
Platoon / Flight	13	None	Includes Commander
Color Guard	4	6	None

8. **Regulation Armed/Unarmed/Color Guard Drill**

a. All movements must be completed on the respective drill card, enclosures (2) through (7), in the order listed, regardless of a team's service affiliation. However, the commands used to achieve these movements vary from service to service. **Commanders must commit all drill sequences to memory.**

b. **During the stationary portion of the drill card, commanders must wait for a verbal "UP" signal from the head judge before proceeding to the next command**. Once a unit begins the marching phase of the drill card, the commander is free to give commands at his/her discretion. **Judges will closely monitor cadence and regulation steps**.

c. Team composition is directed in paragraph 7 of this SOP.

d. The commander will be evaluated on his/her voice projection, confidence, poise, and ability to lead the unit on the drill deck. The team will be evaluated on its marching precision, cadence, and manual of arms.

e. Marching units will be evaluated on crispness and proper execution of armed and unarmed drill. **Stylized manual of arms and/or unconventional movements that do not comply with service specific drill manuals will be penalized**.

f. In armed drill, all members of the unit must be armed and the commander must carry a rifle, saber, or sword.

g. The **1st year armed/unarmed squads must be comprised entirely of cadets who are 1st year members of the drill team**, **with the exception of the commander who may be an experienced member of the unit**. (Amplification: Members of the 1st year units may be upperclassmen as long as they are in their 1st year on the drill team.)

h. The color guard must consist of between 4 and 6 members. Two cadets will bear arms; the remaining members will serve as color bearers. The commander must be the National Color bearer.

1. **Each color guard will be required to comply with its uniformed service regulations regarding staff length and type, pikes, flag size, regulation harnesses, and flag type** (i.e., fringed flags, light/short poles or flags). Failure to comply will result in a point deduction for improper equipment. Enclosure (8) refers.

2 If a school enters more than one color guard, the second unit must be comprised of completely different personnel than the first. Any unit found violating this rule will have both teams disqualified.

9. **Individual/Dual Exhibition**. Competitors' routines must be between 2 and 4 minutes in length. Time starts once the competitor(s) enter the drill deck and ceases upon reporting out.

a. Competitors in individual/dual exhibition will have no limitations or requirements placed on them regarding variety of movements, manual of arms and degree of difficulty except as noted below. Grading criteria are established in enclosure (10). Participants will report for their respective event(s) at their own discretion. There will be two sessions for this event, 0900-1200 and 1300-1600.

1. Restrictions/Amplification:

(a) There is a universal ban on the use of bayonets;

(b) The use of blindfolds or any device/method that impair a competitor's vision is prohibited. Judges may stop and disqualify a competitor who attempts to violate the prohibition or creates any hazard to him/herself or spectators;

(c) A competitor in individual exhibition may not receive a rifle from or toss a rifle to another individual, whether inside the boundary or not. Doing so makes the routine a dual exhibition and disqualifies the cadet from individual competition.

10. **Personnel Inspection. The inspection process is different from most other competitions. Read Enclosure (11) closely.**

11. **Knockout**. Knockout will be judged in accordance with each service's drill manual. **There will be both unarmed and armed knockout events**. Commands will consist of manual of arms, facing movements, and other stationary drill commands. "Trick" commands will not be given. Judges will advise each competitor as to the reason he/she is being "tapped out". Cadets must leave the drill deck once dismissed.

12. **Penalty Assessment**. Penalties and point deductions will be assessed in accordance with enclosure (11).

a. Amplification:

1. Covers, belts, rifle parts and uniform items that drop to the drill deck due to improper manual of arms or lack of care/maintenance will be cause for point deductions for each occurrence. Ribbons/badges which drop due to the proper execution of the manual of arms will not be cause for point deductions.

2. In a meet of this caliber, units are expected to maintain proper cadence without verbal assistance. **Commanders who call cadence will receive a substantial point deduction**.

13. **Drill Deck/Practice Area**. The drill decks used in the meet are all indoor surfaces:

Event(s)	Dimensions	Surface Area
Armed events	85' X 75'	hard wood
Unarmed events	85' X 72'	concrete
Exhibition events	30' X 30'	tile
Color Guard	80' X 47'	hard wood
Inspection	N/A	hard wood
Knockout	N/A	hard wood

Taps, cleats or other metallic/plastic devices on shoes/boots will be prohibited on all drill decks. Rubber butt pads or taped butt plates will be required on all weapons. Units will not be allowed to practice on the actual drill decks.

14. **Food/Concessions**. A concession stand serving hot food, drinks, and snacks will be open during the meet. **No food/drink will be consumed in the classrooms.**

15. **Awards**

a. Awards will be presented at the conclusion of the competition. Team trophies will be presented to the top three finishers in each event. Overall trophies will be awarded to the top three units in each division. Additionally, awards will be made to the top ten finishers in Knockout and the top five competitors/teams in each Exhibition event.

b. Team standings will be determined by conversion of scores into a weighted point system. The purpose is to ensure those events requiring the greatest numbers/highest level of precision weigh heaviest in the determination of overall standing.

JUDGES SCORES - PENALTIES = % SCORE X WEIGHTED MULTIPLIER = POINTS AWARDED POSSIBLE SCORE

	WEIGHT MULTIPLIER
Regulation Armed Platoon/Flight	100
Regulation Armed Squad/Element & Unarmed Platoon/Flight	80
Color Guard & Personnel Inspection	60
Unarmed Squad/Element & 1st Year Armed Squad/Element	50
1st Year Unarmed Squad/Element	40

c. Awards presentations will be made in two categories: Victors Division (Large Team) and the Elite Division (Small Team). The Elite Division is established for those schools with insufficient manpower to field platoons/flights. The following graphic indicates in which competitive events a team must compete in order to be eligible for the overall championship of each Division (Optional Events are not considered for the Overall Championship in the Elite division). Knockout and exhibition events are not included in the overall championship calculations in either division:

EVENT	VICTORS DIVISION	ELITE DIVISION
REGULATION/ARMED PLATOON/FLIGHT	MANDATORY	
UNARMED PLATOON/FLIGHT	MANDATORY	
1ST YEAR ARMED SQUAD/ELEMENT	MANDATORY	OPTIONAL
1ST YEAR UNARMED SQUAD/ELEMENT	MANDATORY	OPTIONAL
REGULATION/ARMED SQUAD/ELEMENT	MANDATORY	MANDATORY
UNARMED SQUAD/ELEMENT	MANDATORY	MANDATORY
COLOR GUARD	MANDATORY	MANDATORY
INSPECTION	MANDATORY	MANDATORY

d. When a school has two color guards, only the highest placing entrant will be trophy eligible and have its score counted toward the overall championship. The other entrant, regardless of its standing, will **not** be trophy eligible. In Exhibition events; more than one competitor/team from a single school may be eligible for and receive a medal.

16. Questions concerning the competition may be directed to Major Sessis or 1stSgt Wilcox at **(423) 477-1612 or by Email to danielboonemarines@gmail.com .**

JUDGE'S COMMENTS (NOT REQUIRED):

PERSONNEL INSPECTION

1. **General**

a. Team Composition – The Personnel Inspection will consist of 10 cadets (Victors Division) or 6 cadets (Elite Division). Cadets will be inspected individually. There is no platoon/squad formation and no commander.

b. Uniform – The designated uniform will be the Service Dress, or Seasonal Service uniform. Cadets must wear all awarded ribbons and badges. "Stripped down" cadets who wear less than their full complement of awards/badges/devices/insignia will be penalized for so doing. The wearing of nonstandard uniform items during the personnel inspection (sashes, ascots, spats, additional chin straps, etc.) will result in a reduction of the cadet's inspection grade. Gloves are optional.

c. Personnel Inspection will be the 1st event of the day. Victors Division cadets will be inspected in the Main Gym while Elite Division cadets will be inspected in the Auxiliary Gym.

d. Personnel Inspection is an unarmed event.

2. **Inspection Procedures**

a. Teams will be advised of the inspection positions of their cadets prior to the conduct of the meet.

b. Cadets to be inspected will fall in on their designate positions at the end of the inspection deck in the order specified in Tab A to this enclosure. Inspectors will form on the end line at the opposite end of the deck. Daniel Boone MCJROTC cadets will be on the deck to assist cadets in locating their positions.

c. On command, the first rank of cadets will march forward across the deck and halt facing their respective inspector. Each cadet will carry his/her grade and deliver it to the inspector.

d. The cadet will report to the inspector in a normal voice, giving his / her cadet rank and name. Example: "Sir / Ma'am / Staff Sergeant, Cadet Smith reporting for inspection." **No salute is required when reporting in.**

e. The inspector will have two minutes to inspect the cadet's uniform, grooming, bearing, and knowledge. The inspector will not have the cadet remove any uniform parts or the cover other than to inspect the cadet's grooming.

f. Upon completion of the cadet's inspection, the cadet will be given commands to exit the deck by the most expeditious route. On command, the next rank of cadets to be inspected will march forward as per sub-paragraphs (c) through (e) above.

g. The end result will be as fair an inspection as can be constructed: every cadet having been inspected at the beginning of the meet and one cadet from each unit having been inspected by each of the inspectors.

3. **Inspection Questions**

a. The asking of questions is an important aspect of the personnel inspection process. An inspector may ask questions as a means of determining cadet poise, knowledge, and confidence. The ability of a cadet to respond to these questions will be taken into account when determining the inspection grade.

b. There are limits to a cadet's military knowledge. The questions asked of a cadet will not be intended to harass or embarrass, but to gauge his / her ability to think and respond under conditions most will agree are demanding. Cadets should anticipate an intense, often rapid fire interrogation from an inspector; however, **they will not be "stressed" during the inspection**.

c. Inspectors will ask a series of four (4) 'official' questions of each cadet during the inspection; the response to which will be part of the grading process. These questions will be about uniform regulations, service history, drill and ceremony, and the chain of command. The 'official' questions an inspector may pose to a cadet are contained in Tab B to this enclosure. A cadet will only be asked questions regarding his / her specific service affiliation. (Example: AFJROTC cadets will be asked questions about Air Force history, uniform regulation, chain of command, etc.)

d. Inspectors will also be given the latitude to ask 'unofficial' questions to measure a cadet's poise and bearing. These questions will be limited to:

- Cadet's Name, Rank / Rate
- Cadet's Age
- Number of years Cadet has been in JROTC
- Cadet's class / year in school
- Questions regarding ribbons / devices on the uniform
- Description of cadet rank insignia

e. Cadets should respond to questions in a clear, distinct voice. It is not necessary, nor desired, that a cadet yell his/her responses to an inspector's questions. As the inspector will be asking the same 'official' questions of each cadet in his / her line, any cadet who yells out the answer has just aided the competition.

Uniform Regulations

ARMY

What is the AJROTC regulation regarding the length of trousers/slacks on the service uniform? The back hem of the trousers should fall approximately midway between the top of the heel and the top of the standard shoe in the back. The bottom of the front crease of the trousers should reach the top of the instep. The trousers may have a slight break in the front. (DA PAM 670-1 Dated 25 May 2017, page 50)

What is the AJROTC regulation regarding the length of the female skirt on the service uniform? The skirt should fall between 1 inch above and 2 inches below the midpoint of the knee and the length of the back vent shall not be less than 5 inches long. (DA PAM 670-1 Dated 25 May 2017, page 66)

Describe the proper way to wear the belt - The belt is worn so that the tipped end passes through the buckle to the wearer's left for males, and the wearer's right for females. The tipped end will extend beyond the end of the buckle so that only the brass tip is visible. (DA PAM 670-1 Dated 25 May 2017, page 110)

Describe the proper placement of ribbons on the Cadet Dress Blue "A" uniform - Males will wear the ribbons centered 1/8 inch above the left breast pocket. Females will wear the ribbons centered, on the left side, with the bottom row positioned parallel to the bottom edge of the nameplate (nameplate worn 1-2 inches above the top button of the coat and centered horizontally on the wearer's right side). (DA PAM 670-1 Dated 25 May 2017, page 242 (ribbons) & page 222 (female nameplate))

Describe the positioning of cadet rank insignia on the Cadet Dress Blue uniform - The shoulder epaulet sleeve is slipped over the shoulder epaulet of the uniform so that the insignia will be centered on the outer half of both shoulder loops of the coat, overcoat, or shirt when worn as an outer garment. Cadets may wear pin-on insignia of grade at the discretion of JROTC instructors (centered between the bottom of the button hole and the top of the shoulder seam of the garment). (Army Cadet Command Regulation 145-2, dated 1 February 2012, page 103-104)
